MEMORANDUM FOR: Project Director

SUBJECT : Access to Classified Information at
Lincoln Labs for [REDACTED] People

1. [REDACTED] called me this date to relate a problem in the area of clearances. He has been told by Lincoln authorities that it is deemed expedient to have [REDACTED] write a communication to Lincoln to allow [REDACTED] personnel access to SECRET material at Lincoln, this area to be broadly designated as in the area of Countermeasures. It was stated that it should not come from General Putt since at this level the communication would cause too much of a commotion.

2. The personnel involved at [REDACTED] are the following:

3. The letter from [REDACTED] should be addressed as follows:

Chdr. AFORC
L. O. Hanson Field
Attn: CRISI

4. As additional personnel are hired by [REDACTED] their names may have to be added to the list. In the event [REDACTED] or others now at Lincoln effect a transfer to [REDACTED] they would have to be added to the list.

5. Problems which occur to me are the following:

a. Will evidence of clearance (and whose clearance) have to be furnished to Lincoln?

b. Will contract numbers of work in progress at Lincoln have to be cited by Ralph's letter?

c. Will the area of Countermeasures be sufficiently broad?

d. How can this be justified as a legitimate need?
